

U6641-XL-200-KK-CE

UL-Listed | 200 Amps | *NEC 2023 Compliant*

U6641-XL-200-KK-CE

New **NEC 2023 Compliant** U6641-XL-200-KK-CE provides an extra wide chaseway, giving easy access for side bussing while eliminating wire-looping and bending. Integrated load-center allows for many outdoor applications. All in a smaller footprint!

Features

- New NEC 2023 Compliant: Side bussed shows incoming wires 'straight shot to lugs' no bending needed.
- Integrated load-center creates outdoor convenience and gives an additional 8 spaces for power distribution for applications such as lighting, powering out-buildings, water wells, landscaping, and more.
- Overhead or underground service conductors land on side buss - eliminating the need for wire-looping and bending.
- Designed with an extra wide chaseway.
- Has generator interlock capabilities.
- NEMA 3R
- Powder-coated
- UL-listed
- Manufactured in the USA

200 Amps Meter Main with Load Center | 1Ø3W | Horn Bypass
