# 600-3000 Amps Cabinets

*Built for Power Distribution, EV Charging, and More*

## Reduced Lead Times

PWRvance offers pre-designed packages tailored for EV charging, allowing accelerated lead times on well-established designs.

## Integrated Metering

PWRvance leverages nearly a century of Milbank expertise, enabling seamless integration of metering with utility-related specifications.

## Smaller Footprint

PWRvance's Integrated power distribution, control equipment and metering allow for a smaller footprint.

## Easy Approval

PWRvance has several designs currently approved to meet utility specifics.

## DESIGNED FOR EASY UTILITY APPROVAL

**MILBANK®**  
ENERGY AT WORK

Please consult serving utility for their requirements prior to ordering or installing, as specifications and approvals vary by utility, and may require local electrical inspector approval. All installations must be installed by a licensed electrician and must comply with all national and local codes, laws and regulations. Milbank reserves the right to make changes in specifications and features shown without notice or obligation.
